INFORMATION SYSTEMS USED FOR PROCESSING OF COVID - 19 GRANTS
3.94 The audit covered the systems used for the processing of grants at the following entities:

- Ministry of Social Development and Family Services: The Income Support and Food Support and for retrenched/terminated/or persons who experienced reduced income for a period not exceeding three (3) months.6

-------------------------
Ministry of Social Development and Family Services: Rental Fee Support for persons experiencing reduced income. Grant of $2,500 per month for 3 months initially and up to 6 months. Beyond 6 months to be reduced to $1,500.00 and then $1,000.00. Rental grant was not to exceed 12 months.

Ministry of Social Development and Family Services (MSDFS)
Income Support and Food Support Grants

3.95 The number of applications for the Food Support grant was 49,433 totalling $75,632,490.00 and the Income Support grant was 47,685, totalling $145,467,750.00. A grand total of $221,100,240.00 for both grants. Payment methods used were as follows:
- Automated Clearing House - $109,748,610.00
- Debit Card - $51,353,880.00
- Cheque - $59,997,750.00

3.96 Analysis of data relating to the Income Support and Food Support Grants revealed the following:

i. Due to deficiencies in input controls, seventy-five (75) applicants were registered twice. This resulted in seventy-five (75) applicants receiving two payments each for the Food Support Grant and the Income Support Grant. As a consequence, double payments totalling $330,660.00 were made.

ii. There was one instance where an applicant received double payment for the income support grant only (person did not get the food support) in the amount of $3,000.00.

iii. The criterion for the payments of the Income and Food Support Grants, is that only one payment should be made per household. Evidence was not seen that proper checks were made to determine whether one (1) payment was made per household. In three hundred and twentyfive (325) instances for payments of Income Support Grant and three hundred and eighty-eight (388) instances for the Food Support Grant the same bank account number was used by more than one person.
Payments to these applicants totalled $2,028,000.00 for the Income Support Grant and $1,213,920.00 for the Food Support Grant. Due to the lack of monitoring by the Ministry, it could not be determined whether these payments were made to bona fide applicants.

iv. Six (6) instances were noted where the method of payment was stated as Automatic Clearing House (ACH), however, the bank account numbers of the applicants were not entered in the database. Additionally, there was one applicant who received both grants but there was no name under the name column. This incomplete information indicates a lack of verification of input. Due to incompleteness of the database, there was difficulty in determining whether the monies were actually deposited into the applicants’ bank accounts.

v. There were six (6) Income Support Grant records and twenty (20) food support records where one National ID card number was used by more than one person. This was verified by the Election and Boundaries Commission (EBC). Twenty-six (26) payments totalled $48,600.00 for both grants. Each person has a unique National ID card number and the database is supposed to indicate upon input if the ID card number was already in the system.
Key Statement from 2020 Standing Finance Committee Debate

During the Standing Finance Committee debate of 2020, the following statement was made by the Minister of Social Development and Family Services, in relation to the emphasis of the Ministry of Social Development and Family Services for fiscal year 2020/2021:

- Minister of Social Development and Family Services
- Senator the Honourable Donna Cox

Review of the Public Sector Investment Programme 2021

In fiscal year 2021, a total of $4.2 million was expended for the provision of facilities and services for vulnerable groups including the differently-abled, socially displaced persons, the elderly, victims of domestic violence and children.

Services to Differently-Abled Persons

The Ministry of Social Development and Family Services (MSDFS) advanced the development of the scope of works for the electrical, plumbing and civil works for the Development Centre for Persons with Challenges – National Enrichment Centre in Carlsen Field. In addition, the Terms of Reference (TOR) for the hiring of a service provider for the operationalisation of the Facility was revised to include additional services for differently-abled persons.

Establishment of Social Displacement Centres

The MSDFS acquired a property at the corner of Duncan and Independence Square in Port of Spain for the establishment of an Assessment Centre for street dwellers and socially displaced persons. However, the property was deemed to be structurally unsound and therefore was demolished to facilitate the construction of a new Facility. Demolition works at the proposed site were completed in June 2021. Furthermore, discussions commenced with the TTPS and the Property and Real Estate Division (PRESD) for the acquisition of a property on Abattoir Road, Sea Lots in Port of Spain for the establishment of a facility for street dwellers. A structural integrity report conducted in 2011 by the Ministry of Works and Transport concluded that the property posed a serious safety risk and a recommendation was made for the demolition of the property. The bill of quantities and the scope of works were also completed for the refurbishment of a property at Caparo for the establishment of a transitional housing facility for socially displaced persons.

---

Care of the Elderly

In order to improve the safety of homes for vulnerable senior citizens, the MSDFS embarked on a number of initiatives to ensure compliance with the Minimum Criteria for the Operations of Homes for Older Persons in Trinidad and Tobago. Phase one (1) of the upgrade of the Chaguanas Senior Citizens Home was completed in fiscal 2021 at cost of $0.3 million. Major refurbishment works completed included civil works, removal and replacement of doors, installation of windows inclusive of insect screens, replacement of defective plumbing fixtures and fittings and installation of cupboards.

Phase two (2) of the refurbishment of the Home included the replacement of the roof and was advanced to 61 percent completion. The upgrade of the Hernandez Place in Arima, which is a residential facility for elderly homeless persons, was completed at a cost of $0.2 million. The major activities completed included civil works to the structure, refurbishment of the kitchen, installation of air conditioning units and outfitting of the Facility.

Implementation of a Social Mitigation Plan

The MSDFS continued the roll out of the National Social Mitigation Plan (NSMP) which seeks to mitigate the negative social impacts of the economic downturn in Trinidad and Tobago. Among the major achievements included:

- finalisation of a contract for the hiring of a consultant to conduct an assessment of the civil society and the Food Support Programme; and
- commencement of the remodelling of the Tunapuna and Rio Claro Social Services Offices for the establishment of two (2) Social Support and Empowerment (SSE) Units. The SSE units will provide a one stop service for persons seeking relief from economic hardship.
Variation of Appropriation for fiscal year 2021

During fiscal 2020/2021, it was necessary to have a Variation of Appropriation of resources to fund urgent and critical expenditure associated with the provision of Covid-19 relief to September 30, 2021.

04/007/03 – Social Assistance - $40,000,000

To enable the provision of an income support grant to persons who have experienced reduction or loss of earnings on or after May 1st, 2021, as a result of the Covid-19 restrictions implemented by the State.

Public Sector Investment Programme 2022 Projections

Public investment will be focused on the continuation of activities related to the digitisation of social services delivered to the public with the aim of improving efficiency and effectiveness as well as access by all citizens; the delivery of support programmes which retrain and empower citizens to become self-sufficient; funding of transitional and emergency facilities; and the delivery of social programmes which encourage and enhance family development and positive nation building values.

Establishment of Social Displacement Centres

The Ministry of Social Development and Family Services will invest a total of $4.0 million for the acquisition and outfitting of three (3) buildings to utilise as transitional housing facilities at Pointe-ePierre, Mary Jenny Poole Building, Tragarete Road and corner Independence Square and Duncan Street, Port of Spain. Additionally, a service provider for the operationalisation and management of the facility will be sought in fiscal 2022. At the transitional facilities, socially displaced persons will receive opportunities to learn important life skills to enable a seamless reintegration into society.

Development Centre for Persons with Disabilities (National Enrichment Centre)

The National Enrichment Centre (NEC) is a provider of rehabilitative services to persons with disabilities including access to integrated services diagnosis and treatment for various types of disabilities. It offers opportunities for vocational training and employment and facilitates independent life skills programmes and socially interactive activities for persons with disabilities.
