Key Topics Discussed:

1. The NGC’s role in the economic development of Trinidad and Tobago (T&T);
2. The significant changes in prices and volumes of gas produced between the years 2016 to 2020;
3. The NGC’s commercialization of natural gas;
4. The issue of staff cost in relation to the efficiency of the company’s operation;
5. The status of PETROTRIN’s indebtedness to the NGC Group and the measures being taken to address the payment of the outstanding funds to the NGC in a timely manner;
6. The working capital challenges experienced by the company;
7. The management of the cash flow to sustain operations;
8. The management of investments in capital projects;
9. The status of dividend distributions;
10. The measures in place to address the NGC’s cash leakages and capital needs in 2021 and beyond;
11. The non-payment of T&TEC’s debt to NGC and the actions being taken to address this situation;
12. The impact of lower commodity prices on the sale of natural gas;
13. The status of the marketing and sale of equity and third-party energy commodity related products such as LNG and crude oils;
14. The average lifespan of one of NGC’s gas supply contracts and the best practice for the renewal of contracts;
15. The NGC’s role in the movement of gas from producers to final customers;
16. The measures taken to reduce the losses incurred by NGC given it is price taker in the energy sector;
17. The investments made in the local upstream industry;
18. The status of NGC’s pipe line operations;
19. The status of NGC’s susceptibility to foreign currency risk;
20. The status of the CARICRIS rating received from moody and S&P;
21. The process for forecasting energy revenue;
22. The company’s green agenda and corporate social responsibilities;
23. The use of new technology to improve corporate sustainability;
24. The status of the company’s operating cost structure;
25. The role of the Government in the negotiations of the gas arrangement contracts;
26. The financial loss experienced by the company as a result of subsidizing gas to citizens;
27. The impact of the USs discovery of Shale gas on NGC’s profits;
28. The status of the utilization of the 200 m bond and the remaining use of the bond;
29. The review of the company’s operations in light of its challenges and losses;
30. The status of the contract to provide project management services in Ghana and the revenue generated from these services;
31. The payout of dividends to the Government for the period 2016 – 2020;
National Gas Company of Trinidad and Tobago Limited

32. The status of the submission of the 2017 - 2020 strategic plan; and
33. The move to a business framework to create value and sustainability.
