Verbatim Notes

VERBATIM NOTES OF THE STANDING FINANCE COMMITTEE OF THE HOUSE OF REPRESENTATIVES HELD IN THE PARLIAMENT CHAMBER, LEVEL 2, TOWER D, THE PORT-OF-SPAIN INTERNATIONAL WATERFRONT CENTRE, 1A WRIGHTSON ROAD, PORT OF SPAIN, ON WEDNESDAY, APRIL 06, 2016 AT 1.30 P.M.

Madam Chairman: Good afternoon, Members. Welcome to this Standing Finance Committee meeting, and in accordance with Standing Orders 82(6) and 87, this meeting of the Standing Finance Committee was convened to consider proposals for the Variation of Appropriation for the fiscal year 2016.

Members are just reminded that in accordance with Standing Order 45(1), the speaking time in the Standing Finance Committee shall not exceed five minutes on each intervention. The procedure shall be as follows: the proposals for decreases will be considered prior to the proposals for increases. The Head and the amount to be decreased or increased will be announced. I will then propose the question that the Head be decreased or increased. After that, a debate may take place on that question, during which any Member may seek clarification from the relevant Minister. Once this is concluded, I will then put the question that the sum to be decreased or increased be approved. This procedure will be repeated for each Head.

I therefore now will invite us to consider the proposals for the decrease and increase of appropriation for the fiscal year 2016. Hon. Members, we shall now consider the proposals for decreases for fiscal year 2016 and the first Head we have is:

Head 26: Ministry of Education, \$413,233,000.

Question proposed: That Head 26, Ministry of Education, be varied by a decrease in the sum of \$413,233,000.

I now invite Members who wish to seek clarification. Member for Siparia.

Mrs. Persad-Bissessar SC: Thank you very much, Madam Chair. I note that a total of \$413.2 million is the decrease being sought. I note from the finance note that was presented to us that that money is to go to two other Heads: the Ministry of Labour and Small Enterprise Development with respect to a Sub-Item – On the Job Training – and to the Ministry of Planning and Development with respect to a sub-item for the Institute of Marine Affairs. However, when I look at the Draft Estimates of Expenditure, I note that \$374 million was the amount appropriated by budget 2016 for OJT. That entire sum has now gone from Education to OJT. However, the additional moneys being asked to be transferred here to the Ministry of Planning and Development is, in fact, 39.3 – for the Institute of Marine Affairs, yes, 33.048.

Madam, I know you are asking us to deal with increases and decreases separately, but they are, in some ways, interlinked because what is happening here, when you add the amounts coming out of the IMA and you add the amounts coming out of the OJT, you are getting \$430 million. But under the IMA there is only 33, yet 39 is being increased there, and I would like an explanation as to why – where is that extra \$6 million coming from, and from which projects and so on.

Madam Chairman: We are dealing with decreases first.

Mr. Imbert: My understanding of the procedure outlined by the hon. Speaker was that we will deal with decreases first. That is an increase that you are talking about.

Mrs. Persad-Bissessar SC: But your finance note, hon. Member, indicates where the money is going to, and the maths just do not add up. The money is being taken out of the Ministry of Education, being sent off to two other ministries, that is, the Ministry of Labour and Small Enterprise Development – OJT, \$374 plus million; the Ministry of Planning – the Institute of Marine Affairs, \$39 million. The numbers are not adding up.

Mr. Imbert: Madam Speaker, I am in your hands. If you want to go the way the hon. Member wants to go, deal with both, no problem.

Madam Chairman: Hon. Member for Siparia, I would ask the Minister of Finance to note the point, because under increases, therefore, I guess the question will be from where would that additional \$6 million, according to your maths, come from.

Mrs. Persad-Bissessar SC: But then when I get to that – when I get to, for example, the increase for the Ministry of Labour and then you confine us to only asking about the Ministry of Labour, and then when I get to the Ministry of Planning and Development, which is the other part of the MOE (Ministry of Education), how am I going to ever be able to link the two to show that the maths is – I am asking – does not appear to be adding up? How will I ever be able to ask that if you confine it to just the one Head? Because the things are distinctly interrelated. I mean, what we are doing here, we are just taking out of one ministry, placing it in another. We are not creating any new projects, any new money. It is coming out of the portfolio realignments and so on, and they are inextricably linked.

So when I get to Planning, Madam, with your leave, of course, subject to your ruling, when I get to Labour, where the money is now being increased for OJT, taken and put there as OJT increases, and then for Planning, how do I link to show it is not adding up; that the amounts coming out of Education are not adding up to the amounts being now transferred? And nowhere else in the finance note does it tell us where the \$6 million is coming from.

Madam Chairman: Hon. Member – Minister of Finance – I think the question would have to be answered in any event, so that I would suggest to probably get it out the way – is it that you are not in a position to answer it at all?

Mr. Imbert: Well, I would like to get the question framed properly first, Madam Speaker. If the Member for Siparia could frame a proper question I will answer it. What is the question?

Mrs. Persad-Bissessar SC: The question is that the total being transferred from Head 26, Ministry of Education is, as indicated in your finance note, a total of \$413.233 million. This is on page 3 of the finance note that was shared with us for this meeting. Thereafter, your finance note tells us that this money coming from the Ministry of Education is coming from two areas. One is coming from OJT, and if we look at your appropriations budget, 2016, you would see that \$374 million was for the OJT. Your finance note tells us that the \$374 million is going to the Ministry of Labour for OJT. So that is out of the way.

Your finance note further tells us that out of the Ministry of Education, the Institute of Marine Affairs has been transferred by the portfolio realignment – has been transferred from Education to the Ministry of Planning and Development. When you look at the allocation in the Draft Estimates of Recurrent Expenditure – and I could point you to the pages if you wish – the IMA, page 206, Sub-Item 02, from the Ministry of Education, it is \$33.04 million. Yet in your finance note, you are saying that the Ministry of Planning and Development will be gaining the sum of \$39.233. There is a discrepancy or a variance of about \$6 million. So where is it coming from? From which projects is it being taken to go into these two areas – that extra \$6 million?

Mr. Imbert: All right. Well, firstly, your mathematics are all wrong, but I will explain. The On the Job Training Programme, the allocation in the Ministry of Education that is being transferred to the Ministry of Labour and Small Enterprise Development is \$374 million.

Mrs. Persad-Bissessar SC: Agree.

Mr. Imbert: So the OJT allocation is \$374 million. The Institute of Marine Affairs, the allocation for that, which is currently in the Ministry of Education, is being transferred to the Ministry of Planning and Development because the responsibility for the Institute of Marine Affairs is being transferred to Planning and Development. And what you are not considering, because you are operating on the false assumption that we are dealing only with recurrent expenditure, is that \$10 million is also being transferred from the Development Programme of the Institute of Marine Affairs for a number of things, including marine research field station, construction of a building for the Institute of Marine Affairs, and so on.

So the error being made is that you are not taking into account \$10 million in the Development Programme which is also being transferred, and that is why there is an apparent discrepancy. It is really not a discrepancy. Mrs. Persad-Bissessar SC: Certainly. But you are saying \$10 million, and be that as it may, which is not reflected in your documents here but would have been in this allocation, I am seeing a discrepancy of \$6 million – the 33 versus the 39. The Ministry of Planning and Development is receiving 39 –

Mr. Imbert: The figures I have, \$374 million for OJT –

Mrs. Persad-Bissessar SC: Yes, we agreed with OJT. We are agreeing with the OJT.

Mr. Imbert: I have an OJT movement, 374, IMA movement, \$29,233,000 and DPA of \$10 million. That is what I have. The figures add up.

Mrs. Persad-Bissessar SC: It is not 29 and 10, Sir, but if that is your answer. It is 33 in your document – it is 39.

Mr. Imbert: Where is the 33 in the document, please?

Mrs. Persad-Bissessar SC: The 33 is what is allocated here in the Draft Estimates of Expenditure.

Mr. Imbert: No, in this document. This is what is before us, not that.

Mrs. Persad-Bissessar SC: Yes, Sir. That is what is before us, but the allocation that you are lifting out of the IMA is coming out of your allocation in budget 2016. It is not coming from out of the sky. It is not new money. In fact, there is no new money in any of this.

Mr. Imbert: Madam Speaker, through you –

Mrs. Persad-Bissessar SC: Chairman.

Mr. Imbert: Madam Chairman – still the Speaker – through you, what the hon. Member does not realize is that we are in April. The IMA did not come to an end on the 30th of September, 2015. It has been in existence for the last six months. It has been expending money for salaries, for wages, for goods and services, for electricity, for water, et cetera, and therefore, if you look at the allocation –

Mrs. Persad-Bissessar SC: Does it change it from 39?

Mr. Imbert: Madam Chairman, I am answering the question. If you look at the allocation in the Estimates of Expenditure, which are for the whole 12 months of fiscal 2015, for the IMA, you will make an error because the

IMA has been spending money for the last six months because it has been operating. It is in existence, and this is why the numbers are 374, 29 and 10. The maths are correct. The error you are making is you are not considering the fact that the IMA has been operating. And this will apply to everything here, before we get into an argument over everything. Programmes that have been operating for the last six months in a ministry, the allocation will be reducing because they have been in existence. Okay? I hope that explains everything.

Mrs. Persad-Bissessar SC: Madam Chair – through you, Madam. Madam Chair, with the greatest of respect, it is the exact \$374 million allocated in October, appropriated by the Appropriation Bill – that is the exact 374 you are now transferring to the OJT, exactly. So if you are saying expenditures – and, in fact, that is the other question when we get there: how much has been expended? How much has been committed for all these transfers? That is another question.

Then when you come to the IMA, which is the one I am asking about, with respect to the IMA you are saying the moneys would be less but, in fact, you are appropriating more. You are appropriating 39 when the allocation in here was the 33. So it is not that moneys were expended.

1.45 p.m.

Mr. Imbert: Madam Chairman, I have said twice already that the hon. Member is taking no account of the development programme of capital expenditure and is only looking at estimates of recurrent expenditure.

Mrs. Persad-Bissessar SC: You said it was \$10 billion.

Mr. Imbert: I do not know how better to explain that. The recurrent estimates will not have capital expenditure in them, and the hon. Member knows that. She was a Prime Minister after all.

Mrs. Persad-Bissessar SC: Certainly, \$33 million was recurrent. You are saying \$10 million was development. That will give you \$43 million, but you are not transferring that with the greatest of respect. With the greatest of respect, Sir, the maths is not adding up.

Madam Chairman: Member for Caroni Central.

Dr. Tewarie: No, I was just saying given what the Minister of Finance is saying here, where is the documentation which allows us to see clearly whether \$29 million is coming from recurrent and \$10 million from development.

Madam Chairman: Hon. Minister of Finance, maybe if you say it one more time, one may grasp what is trying to be communicated.

Mr. Imbert: Madam Chairman, the Ministry of Education is being decreased by 413,233,000, the Ministry of Labour and Small and Micro Enterprise Development is being increased by \$374 million, and the Ministry of Planning and Development is being increased by \$39,233,000.

Mrs. Persad-Bissessar SC: Madam Chairman, with respect to –

Madam Chairman: Member for Siparia.

Mrs. Persad-Bissessar SC: Thank you – the decrease from the Ministry of Education where the purchase is going from OJT education to OJT in the Ministry of Labour and Small and Micro Enterprise Development, would the Minister kindly tell us how much out of that has been expended in the past six months; how many persons have been employed and paid in the OJT; and if not expended, how much is committed to date?

Mr. Imbert: I cannot answer that now. I will take note of the question and I will answer it in the earliest possible time.

Mrs. Persad-Bissessar SC: Further then, if you taking notes, would you kindly let us know what are your policy proposals for this expenditure of \$374 million in fiscal 2016?

Mr. Imbert: What?

Mrs. Persad-Bissessar SC: The same \$374 million, the details.

Madam Chairman: Member for Siparia, you will want to take that under the increase?

Mrs. Persad-Bissessar SC: Certainly ma'am, we can take it there.

Mr. Imbert: What is the question?

Mrs. Persad-Bissessar SC: I will withdraw that question and put it as Madam Chair has indicated. [Crosstalk] Yes, it is how many people, where, when, how. You know that.

Mr. Imbert: Madam Chairman, let me just make it clear. Let me just make it clear.

Madam Chairman: Hon. Member, that question will be taken under increases on the other side.

Question put and agreed to.

Head 26 varied by a decrease in the sum of \$430,233,000.

Head 28: Ministry of Health \$6 million.

Question proposed: That Head 28 be varied of a decrease in the sum of \$6 million.

Madam Chairman: I now invite questions on this. Member for Siparia.

Mrs. Persad-Bissessar SC: Thank you, Madam. Through you, Madam Chair, ask the hon. Ministry to indicate which line items are being transferred to the Ministry? Well being moved out; where the decrease is coming from? That is to say it is for the HIV Programme. But if you would kindly point to us moneys allocated in budget 2016 in October, which of those line items under Head 28 are being decreased by the \$6 million?

Madam Chairman: Hon. Minister of Health.

Mr. Deyalsingh: Thank you, Madam Chair. Under Head 28 the line items are: 04 Current Transfers and Subsidies; 009 Other Transfers; 08 Response to HIV/Aids. Under the Development Programme –

Mrs. Persad-Bissessar SC: And that is \$2 million?

Mr. Deyalsingh: Yes.

Mrs. Persad-Bissessar SC: Go ahead.

Mr. Deyalsingh: Under the Development Programme, line item 09 Development Programme; 004 Social Infrastructure; 14 Social and Community Services, and C. Welfare Services; 086 HIV/Aids Social Marketing.

Mrs. Persad-Bissessar SC: Two million dollars also?

Mr. Deyalsingh: No, ma'am.

Mrs. Persad-Bissessar SC: How much it is?

Mr. Deyalsingh: That is \$4 million. So \$4 million and \$2 million, \$6 million.

Mrs. Persad-Bissessar SC: Through you, Madam, thank you, hon. Minister. I note that there was another allocation in budget 2016—while that appropriations in October—of another \$2 million under the same transfers at page 219, Sub-Item 01, Regional Health Authority, Community HIV Programme, \$2 million, that is going to stay then in the Ministry of Health?

Mr. Deyalsingh: I am advised that that is so.

Mrs. Persad-Bissessar SC: Thank you very much. Through you again, Madam Chair, how much out of this money has been expended by the Ministry of Health in the past six months, \$6 billion?

Mr. Deyalsingh: Under the recurrent expenditure to date, \$906,466 –

Mrs. Persad-Bissessar SC: I am sorry, please.

Mr. Deyalsingh: Sorry, 906,466. Under the Development Programme, \$441,925.

Mrs. Persad-Bissessar SC: Through you again, Madam Chair, would the hon. Minister—and hon. Minister, you are very well prepped. I say you must thank your Permanent Secretary. You have answers really in place. Would you be kind enough to tell us the amounts expended thus far out of your \$6 million? Would you be able to tell us exactly what kinds of programmes initiatives were carried out?

Mr. Deyalsingh: Member, I think I just did.

Mrs. Persad-Bissessar SC: Nine and four, \$1.3

Mr. Deyalsingh: Yes, approximately 1.31, 1.4.

Mrs. Persad-Bissessar SC: Can you identify projects under HIV/Aids Social Marketing, Response to HIV/Aids?

Mr. Deyalsingh: Sure.

Mrs. Persad-Bissessar SC: The kinds of initiatives that this \$1.3 would have cost?

Mr. Deyalsingh: What was expended already?

Mrs. Persad-Bissessar SC: Yes, expended.

Mr. Deyalsingh: Okay. Sorry. Good. Under the recurrent: UWI Workshops \$77,206; purchase of HIV kits \$827,520; accommodation and meals, Tobago, for the Director to attend a meeting, \$1,740. Under the Development Programme: World Aids Day \$177,653; workshops seminars \$29,355; advertising \$33,917; UWI Workshop \$210,000; and some stipends were also paid. \$201,000 sorry. Let me just repeat the last one. UWI Workshop \$201,000.

Mrs. Persad-Bissessar SC: Thank you, hon. Ministry. And this has already been expended, is there any amount committed to date and not yet expended?

Mr. Deyalsingh: Under commitments, hon. Member, I am seeing no sums committed.

Mrs. Persad-Bissessar SC: Through you, Madam Chair, I thank the hon. Minister for a very thorough and comprehensive response.

Mr. Deyalsingh: Thank you.

Question put and agreed to.

Head 28 varied by a decrease in the sum of \$6 million.

Head 61: Ministry of Housing and Urban Development \$16 million.

Question proposed: That Head 61 be varied by a decrease in the sum of \$16 million.

Madam Chairman: I now invite questions. Member for Siparia.

Mrs. Persad-Bissessar SC: Thank you, Madam Chair. I see the explanation given in the Finance Note is that you have realized \$16 million in savings, which is what you are decreasing this by – Finance Note page 3, paragraph 4. Your Finance Note says that you have had savings in the sum of \$16 million under Ministry of Housing and Urban Development for transfer – and you are transferring this to Parliament – as a result of an administrative oversight in the recording of the loan repayment for the construction of the Brian Lara Cricket Academy. I would be grateful, through you, Madam Chair, to explain what this really means.

Mr. Mitchell: Well it is an error made by the Budget's Division. The loan repayment for the Brian Lara Cricket Academy is the responsibility of the Ministry of Sport and Youth Affairs. So similar allocation was made under the Ministry of Sport and Youth Affairs, Head 68.

Mr. Singh: Duplication.

Mr. Mitchell: Yes, duplication.

Mrs. Persad-Bissessar SC: So therefore when we are being told about the amount of loans outstanding, we will have to minus this \$16 million, is that so?

Mr. Mitchell: I am sorry?

Mrs. Persad-Bissessar SC: If you had a duplication of the loan repayment, it means that when we are given these totals of loans that have to be paid the \$16 million was an administrative oversight.

Mr. Mitchell: It was an administrative oversight, yes.

Mrs. Persad-Bissessar SC: Such therefore be excluded?

Mr. Mitchell: Yes.

Mrs. Persad-Bissessar SC: It is in fact a savings.

Mr. Mitchell: Yes.

Mrs. Persad-Bissessar SC: Thank you very much, hon. Minister.

Madam Chairman: Hon. Member for Oropouche East.

Dr. Moonilal: Thank you very much, Madam Chair. My question became smaller now. Given the explanation of the hon. Minister and the fact that UDeCOTT is involved in the Brian Lara Cricket Academy, I wanted to ask the question on whether or not by Friday we can get an answer as to an update on the sums expended by the Government of Trinidad and Tobago on the repayment of all loans for the Brian Lara Cricket Academy; how much have been paid; how much is outstanding; and when would the final payments be made on all loans taken to construct the Brian Lara Cricket Academy?

Madam Chairman: Hon. Minister, I believe that is asked as information for the debate.

Mr. Mitchell: Okay.

Question put and agreed to.

Head 61 varied by a decrease in the sum of \$16 million.

Head 68: Ministry of Sport and Youth Affairs \$10 million.

Question proposed: That Head 68 be varied by a decrease in the sum of \$10 million.

Madam Chairman: At this stage, I will invite any questions which to be posed by Members. Hon. Member for Siparia.

Mrs. Persad-Bissessar SC: Thank you, Madam Chair. I note that the decrease of \$10 million refers to moneys being transferred because of regional complexes that are being given to the Ministry of Community Development, Culture and Gender Affairs. So that \$10 million is coming out of your items for regional complexes. Would you be kind enough to tell us how many regional complexes we are referring to and where each is located?

Mr. Smith: I know there are 17 total, and of the top of my head right now I do not have all the locations. I could give you that in writing where they are actually located.

Mrs. Persad-Bissessar SC: Thank you. Again ma'am, can you give us a status update as to each of these complexes?

Mr. Smith: I could also provide that in writing.

Mrs. Persad-Bissessar SC: Can you tell us how much has been expended per complex?

Hon. Member: What is a status update?

Mrs. Persad-Bissessar SC: Well, this might help. Status update, Madam Chair.

Mr. Smith: Update or expenditure, what does that mean?

Mrs. Persad-Bissessar SC: State of completion, a status update, where has it reached? Is it in designed phase; is it in construction phase?

Mr. Smith: No, they are existing facilities. There is no construction available.

Mrs. Persad-Bissessar SC: Okay. In terms of scope of works, how far is it along, or status update?

Mr. Smith: They are already there, established.

Mrs. Persad-Bissessar SC: So they are all completed? Therefore, this money has already been expended, \$10 million?

2.00 p.m.

Mr. Smith: This is operational expenses, Madam Chairman. The operations of the facilities, nothing to do with construction.

Mrs. Persad-Bissessar SC: Okay. Out of this \$10 million, would the hon. Minister be kind enough to tell us how much has been expended on the operational costs?

Mr. Smith: \$4.3 so far.

Mrs. Persad-Bissessar SC: And how much is committed thus far?

Mr. Smith: None.

Mrs. Persad-Bissessar SC: No commitments.

Madam Chairman: Hon. Member, any other question?

Mrs. Persad-Bissessar SC: No, Madam. Thank you very much.

Question put and agreed to.

Head 68 varied by a decrease in the sum of \$10,000,000.

Madam Chairman: I thank the Minister and the PS. You all are relieved.

Head 78: Ministry of Social Development and Family Services \$114,201,129.

Question proposed: That Head 78 be varied by a decrease in the sum of \$114,201,129.

Madam Chairman: I now invite any questions from Members seeking clarification. Member for Siparia.

Mrs. Persad-Bissessar SC: Thank you, again, Madam Chair. Would the hon. Minister be kind enough to give us a breakdown? I know in the Finance Note on page 5, it identifies the matters coming out of social development, namely Gender Affairs Division and Child Development including children's homes, orphanages, gender affairs, Children's Authority, Adoption Board, foster care.

Through you, Madam Chair, is it possible for us to get a breakdown of how much is being transferred to each of these agencies and units that have been identified as having been removed from the portfolio of social development and now placed in the Office of the Prime Minister, Gender Affairs Division and Child Development? If it cannot be done today –

Mrs. Crichlow-Cockburn: Madam Chairman, under Gender Affairs, Personnel Expenditure, the total is \$6,208,000 and an additional \$372,216. Under Goods and Services, General Administration, it is \$8,925,220 and an additional \$1,822,955.

Mrs. Persad-Bissessar SC: I thank the hon. Member for her response. Would the hon. Minister be able to tell us the breakdown with respect to the children's homes: St. Michael's Boys, St. Jude's, St. Dominic's, St. Mary's that is now being transferred? We know what the total is, hon. Minister, and you have given Gender Affairs, but you have given us in your Finance Note, the Items, the units and the areas being reassigned. How much is being assigned to each of these? Now if we had the Draft Estimates, they would have been listed in there. So how much? If it cannot be done today, in time for the debate.

Mrs. Crichlow-Cockburn: Okay. In terms of the St. Mary's Children's Home, you are looking at \$12,587,200; St. Dominic's Children's Home \$11,333,334; and then St. Michael's home, we are looking at \$9,370,000 and for St. Jude's, \$7,904,608.

Mrs. Persad-Bissessar SC: The Children's Authority, Madam, how much is being transferred?

Mrs. Crichlow-Cockburn: In terms of the Children's Authority, we are looking at \$30 million.

Mrs. Persad-Bissessar SC: Out of that \$30 million which was allocated and appropriated in October, how much is being expended and for what purpose?

Mrs. Crichlow-Cockburn: Madam Chair, we would not be able to provide that at this point in time. We will provide it subsequently.

Mrs. Persad-Bissessar SC: Thank you.

Mr. Imbert: Madam, let me just intervene here, if you do not mind. When the report of this meeting comes to the Parliament, there will be a detailed Schedule that will give you all the details that you are seeking, all of these figures.

Mrs. Persad-Bissessar SC: Well, I thank you very much for that assurance but we have heard that many times before, Sir.

Mr. Imbert: No, I am telling you.

Mrs. Persad-Bissessar SC: With due respect, right here in Standing Finance Committee. So I prefer that we ask them. I think that is the purpose of the Standing Finance Committee, that we ask, it is recorded –

Mr. Imbert: Member for Siparia, I am not contradicting you.

Madam Chairman: Hon. Minister, please allow the Member to continue and complete.

Mrs. Persad-Bissessar SC: I thank you and I think the hon. Minister is attempting to answer and is giving the assurances that so she will do. So for the Children's Authority –

Mr. Imbert: Madam Chairman, I need to say something for the benefit of all Members. There is a document called the Schedule relating to the variation of estimates which gives details of every single Head, Sub-Head and Sub-Item. As is the practice and has been the practice for the last 50 years, when we finish this Committee meeting, when the report goes to the Parliament, you will get the Schedule with the detailed Items.

Mrs. Persad-Bissessar SC: Thank you very much, Madam Chair and we will await the document, but I think it is our right to ask the questions –

Mr. Imbert: But you can ask, I am just telling you.

Mrs. Persad-Bissessar SC:—and should the answers not be provided today, certainly it can be provided. But should we fail to ask those questions, they are not addressed, then they say we did not ask. What is the purpose of this Committee? If a Schedule is going to be given to us on Friday, what is the purpose of the Committee?

Madam Chairman: Hon. Member, please, I would like us to look at it in terms of it is not prohibiting you from asking your question.

Mrs. Persad-Bissessar SC: I thank you very much, Madam Chairman. Again, with respect to the Children's Authority which we all know is a very important authority, there were several concerns about staffing and other areas so I would be very grateful if you could give us an update on the expenditure and the purpose of that expenditure thus far for the Children's Authority out of the \$30 million.

Mrs. Crichlow-Cockburn: That will be provided.

Mrs. Persad-Bissessar SC: Thank you very much, hon. Minister.

Question put and agreed to.

Head 78 varied by a decrease in the sum of \$114,201,129.

Madam Chairman: I want to thank you, hon. Minister and Permanent Secretary.

Question put and agreed to.

Appropriation for the fiscal year 2016 varied by \$559,434,129.

Madam Chairman: Hon. Members, we shall now consider the proposals for increase for fiscal year 2016.
Head 05: Parliament \$16,000,000.

Question put and agreed to.

Head 05 varied by an increase in the sum of \$16,000,000.

Madam Chairman: I thank you, Madam Clerk.

Head 13: Office of the Prime Minister \$122,661,129.

Question proposed: That Head 13 be varied by an increase in the sum of \$122,661,129.

Madam Chairman: At this stage, I invite any debate on this Item. Member for Siparia.

Mrs. Persad-Bissessar SC: Thank you, Madam Chair. The increase of \$122.661 is coming from several places so I do not know if I will be permitted to speak to each of these at this time or if I will have to wait until that Ministry's Head is called. For example, \$122.661 is coming from Head 62 Community Development is coming from Head 28 Ministry of Health is coming from Head 78 Ministry of Social Development, so I do not know how to proceed.

Madam Chairman: Hon. Member, this is under increases so that you will have to speak to them now. You will have to speak to them now under the name increase.

Mrs. Persad-Bissessar SC: Now, so I could refer to other Heads coming into here?

Madam Chairman: Yes.

Mrs. Persad-Bissessar SC: Okay. Thank you very much, Madam Chair. From the Finance Note again, we see that two Items have been removed from the Ministry of Community Development and were placed by the Gazette last December under the Office of the Prime Minister. Two initiatives there. One is the Citizens' Initiative Fund and the ecclesiastical bodies. Those two Items coming out of Community Development. Now, Madam Chair, it is \$1 million in the first instance and \$1.5 million in the second instance.

Now, I have a difficulty and seek your guidance is, again, I would like to ask what has happened with these two sets of moneys for the past six months, how many citizens have received any initiatives from that fund, how many ecclesiastical bodies. But it is not under decrease or increase elsewhere so that is the past and it would have been under the past Ministry of Community Development that that money, \$1.5, is being taken off. So the question is this then, through you, for guidance, how much has been expended in the past six months for these two Items and for what initiatives under the Citizens' Initiative Fund and under the ecclesiastical bodies, which ones and how much given thus far. So it will really be from Community Development.

Mrs. Webster-Roy: That will be given in writing.

Mrs. Persad-Bissessar SC: Sure, and then the third part of that will now be with it being transferred into Head 13, OPM, what are the proposals for expenditure in terms of the same Citizens' Initiative Fund and ecclesiastical bodies? So expended, committed and proposed to be.

Mrs. Webster-Roy: You will get it in writing.

Mrs. Persad-Bissessar SC: Thank you very much, Madam. Still with Head 13, OPM, from the Ministry of Health, the hon. Minister of Health gave a very detailed breakdown, comprehensive breakdown of where the moneys was coming from and how much had already been expended, so the balance that remains unexpended and uncommitted, if the hon. Minister would be kind enough to provide us details of the expenditure under response and social marketing for the balance of fiscal 2016, and Government's initiatives coming out of these moneys for HIV/AIDS with respect to dealing with what seems to be a rise.

2.15 p.m.

Mrs. Persad-Bissessar SC: The statistics recently reported very high, especially in the very young age group. I think it might be from age 15 to 25, if I am not mistaken but a really high amount. So we will appreciate the Minister's proposals for the further expenditure of the HIV/AIDS money to deal with what you have here as response to HIV/AIDS and social marketing, as you proceed for the next half of the fiscal year.

Madam Chairman: That would be given in writing, Minister?

Mrs. Webster-Roy: Yes.

Mrs. Persad-Bissessar SC: Thank you Madam. There is still another one, again. Still again coming in as an increase for the OPM Head 13 coming from Head 78: Ministry of Social Development, the total \$114,201. I think the Minister initially had given us the breakdown of the units and agencies as listed on page 5 of the Finance Note. The question now will be the balance, what you will now have as not expended for these matters, what are your proposals for dealing with all these various institutions, and it picks up again the Children's Authority as well. So that is with respect to the—

One more, OPM has been increased, Head 13, from Head 78: Ministry of Social Development, with respect to a sub-item known as UN International Children Emergency Fund. I think it is only about \$96,000 from what was allocated here being transferred. How much has already been expended with children or where? How much out of this funding has been spent on whom and where? It says a UN Children Emergency Fund and proposals for the rest of fiscal 2016.

Mrs. Webster-Roy: Madam Chair, we have a very comprehensive strategic plan and all the information requested would be supplied to the Member in a timely fashion.

Mrs. Persad-Bissessar SC: I thank you very much, through you, Madam Chair. Thank you.

Madam Chairman: Question put and agreed to.
Head 13 varied by an increase in the sum of \$122,661,129.

Madam Chairman: I thank the hon. Minister and the Permanent Secretary.

Head 22: Ministry of National Security \$40,000.

Question proposed: That Head 22 be varied by an increase in the sum of \$40,000.

Madam Chairman: At this stage I invite any questions. Member for Siparia.

Mrs. Persad-Bissessar SC: Thank you very much Madam. I do not know if there are others but I do have questions. I thank you. This increase in national security is in the sum of \$40,000, as you have pointed out. It is coming from Head 78: Ministry of Social Development and it is with respect, as the Government Finance Note tells us it is for emergency cases fund, probation services. The question again is: thus far, half the fiscal year has gone. How much has been expended and for how many emergency probation services and then for the increase that is coming to you now, your proposal for expending whatever is balance. So expended, committed and to be spent.

Mr. Moses: Thank you very much, Madam Chair. There has been no drawdown on this sum thus far.

Mrs. Persad-Bissessar SC: So there has been no emergency cases in the probation services?

Mr. Moses: Through you, Madam Chairman, the response is that there has been no drawdown thus far.

Mrs. Persad-Bissessar SC: Then, as it is an increase, proposals and criteria for the use of the funds now coming into the Ministry of National Security, the \$40,000.

Mr. Moses: The criteria, or rather what I would respond, by way of information is that it is managed internally by the probation services and it is meant to cover supplies, resources, in respect of server YTEPP, MiLAT and MYPART. If further specific information is required, it can be conveyed later in written form. However, I can supply, if so required, further details on what the coverage, the particular items that are covered by that funding.

Mrs. Persad-Bissessar SC: Thank you Madam. Thank you hon. Minister.

Question put and agreed to.

Head 22 varied by an increase in the sum of \$40,000.

Madam Chairman: Thank you, hon. Minister and the Permanent Secretary.

Head 30: Ministry of Labour and Small Enterprise Development.

Question proposed: That Head 30 be varied by an increase in the sum of \$374 million.

Madam Chairman: I invite any questions to take place at this time.

Dr. Moonilal: Thank you very much, Madam Chair. To the Minister of Labour and Small Enterprise Development, this is, of course, moving the OJT programme from the Ministry of Education to the Ministry of Labour. In a simple way, why do this, and is there a policy contradiction between the OJT programme as existing now and what might be your objective of moving it there?

Mrs. Baptiste-Primus: If you can recall hon. Member, the OJT was under the Ministry of Labour previously. As a consequence, therefore, this present Government holds the view that such a programme would be better implemented under the Ministry of Labour and Small Enterprise Development.

Dr. Moonilal: Okay, you believe it would be better suited there. Could I ask is this also connected in any way to support that would be provided to the over 5,000 dismissed workers in the country, in terms of retraining, in terms of accessing jobs, and so on?

Mrs. Baptiste-Primus: Sure, Madam Chair, I would be only too glad to facilitate the hon. Member. As you may be aware, Cabinet approved a ten-point plan for assisting unemployed in the country. The OJT would come in only if such unemployed falls inside the age category of 35 years and under.

Mrs. Persad-Bissessar SC: Thank you very much, Madam Chair. Again the same questions, of the \$374 million, how much has been expended in the first six months of fiscal 2016? How much remains outstanding, and what do you plan to do with the balance?

Mrs. Baptiste-Primus: Hon. Member for Siparia, I would answer you last question firstly, which is the easier one. We aim to spend the balance just how we spent the earlier ones. [Desk thumping]

The current balance, we have spent so far \$182,639,570. Did I forget one of your questions?

Mrs. Persad-Bissessar SC: I asked you how much you had spent, what is the balance and what you plan to do. Thank you for your answer. You have expended \$182 million. Can you give an idea of the number of persons who might have been employed under the OJT for whom this \$182 million was spent? How many persons?

Mrs. Baptiste-Primus: Most certainly, hon. Member. The number of trainees in the programme to date and it is real time as of yesterday, 7381.

Mrs. Persad-Bissessar SC: And your proposal for fiscal, the balance of the fiscal? What is it, three minus one, two; the balance that you will have now.

Mrs. Baptiste-Primus: Well the balance would be spent on maintaining these same numbers and if the budget can accommodate a small expansion, then certainly.

Mrs. Persad-Bissessar SC: And so these persons then, based on the question from my colleague, these persons would not have been those with the loss of jobs, these are already in the system from October, from probations in October?

Mrs. Baptiste-Primus: Absolutely.

Mrs. Persad-Bissessar SC: Is that correct to say?

Mrs. Baptiste-Primus: Yes, absolutely.

Mrs. Persad-Bissessar SC: Thank you very much, Madam.

Mr. Karim: Would the Minister, through you, be kind enough to indicate, subsequent to the 2016 budget statement, whether part of these moneys have been committed, or are people receiving the increased stipends, as has been promised?

Mrs. Baptiste-Primus: Actually, hon. Member for Chaguanas East, my intention, as a matter of fact it is in draft, a Note to the Cabinet requesting that the increase be implemented. Madam Chair, permit me. But not for all levels. At least in the first instance for the first level where those OJTs would be earning \$2,500. We are suggesting that the increase be implemented incrementally because of the economic situation. We are looking at the hard-pressed level, which is \$2,500, firstly.

Dr. Gopeesingh: Would the Hon. Minister indicate, from the knowledge of the 5,000 who have, unfortunately lost their jobs how many of those by chance you would happen to know who are under 35 years of age, as you indicated you may be considering hiring them if they are under 35 on the OJT programme?

Mrs. Baptiste-Primus: Madam Chair, I am not in a position to convey the information that the hon. Member is seeking to obtain the Ministry, through the National Employment Services have established a register where we hope to capture not only the information you are seeking but to allow our information to be a little more accurate.

Mr. Karim: Thank you, Madam Chairperson. Would the hon. Minister indicate whether part of that \$374 million would be allocated to what was promised in the 2016 budget, with respect to the graduate recruitment programme as well?

Mrs. Baptiste-Primus: No.

Question put and agreed to.

Head 30 varied by an increase in the sum of \$374 million.

Mr. Imbert: Madam Chair, could I just clarify a point that was brought up earlier, where there was some confusion as to why in one case the transfers on the Arithmetic does not appear to add up?

Madam Chairman: One minute.

Mr. Imbert: I am on that same one, \$374 million. Why in one case there seem to be a problem with the Arithmetic adding up and whereas in another case the entire allocation has gone and the explanation is, if you go to the fourth and fifth pages of the document, you will see the date of the Gazette, which tells when the programme was moved. And if these programmes, a number of them were moved on the 23rd of September.

So they were moved prior to the start of fiscal 2016, which began on the 1st of October, but a number of others were moved on the 4th of December. So they would continue to expend funds in the Ministry that they were originally allocated in until the Gazette was published to transfer the allocation to another Ministry.

2.30 p.m.

In the case of this one, in the case of OJT, this was gazetted on September 23rd, so the entire allocation moved to the Ministry of Labour and Small Enterprise Development from October 01, 2016.

In the case of the other one that was bothering you, which is the Institute of Marine Affairs that moved after September. It actually moved in December, and that is why some of the allocation would have been expended in the case of the IMA, and all of the allocation would have been transferred in the case of the OJT.

Mrs. Persad-Bissessar SC: I thank the hon. Minister for attempting to explain it. I would say the moneys were not allocated. They could not have been transferred until they came to Parliament, which is what is happening today. What would have happened, as happens as you said, whichever Ministry the money was allocated in, that Ministry would pay the bills even though it was being administered in another Ministry by alignment of the portfolios. Do you think for six months the OJT people would not have been paid with the moneys in the Ministry?

Mr. Imbert: That is not what I said.

Mrs. Persad-Bissessar SC: No, no, the Minister is saying because of the dates of the Gazette that is why there are differences.

Mr. Imbert: That is not what I said. Madam Chairman –

Mrs. Persad-Bissessar SC: With the greatest of respect –

Madam Chairman: Just one minute.

Mr. Imbert: – I would like an opportunity to clarify.

Madam Chairman: You would be allowed an opportunity to clarify.

Mr. Imbert: That is not what I said.

Madam Chairman: Member for Siparia, have you finished your contribution?

Mrs. Persad-Bissessar SC: Well, unless the Minister wishes to further clarify.

Madam Chairman: Are you finished with your contribution? Are you?

Mrs. Persad-Bissessar SC: At this point, yes Madam.

Madam Chairman: Hon. Minister of Finance, I will give you an opportunity to clarify.

Mr. Imbert: Thank you, Madam Chairman. Yes, I would clarify for the second time. When one looks at the document circulated to all hon. Members, including Members opposite, and you go in the remarks column on page 4 and page 5, one would see different dates for the gazetting of the transfer of portfolio from one Ministry to another. If the gazetting was done before October 01, 2015, then the entire allocation would be transferred to another Ministry and, therefore, there would be no reduction in the expenditure.

If on the other hand, as occurs with the Institute of Marine Affairs, the Gazette was dated December 04th, then part of the original allocation would have been expended, so when you do the transfer, you transfer less because expenditure has already taken place within that particular item. But in the case of items which were gazetted before the beginning of the fiscal year, all the entire allocation has gone, and that is why there is a difference when you do the maths in terms of the increases and the decreases.

Mrs. Persad-Bissessar SC: I thank the hon. Member, Madam. That is not the position. Indeed, in every one of these if you check the estimates 2016, October 2016, Appropriation Bill, what is being transferred to these Ministries as by the Parliament today on will be passed and approved today to be passed in the Bill on Friday, these are the allocations. If you check them you will see in every case it is identical except for this \$33 million and this \$39 million. So, I thank the hon. Minister. I am not convinced by his explanation.

Mr. Imbert: Madam Chairman, I am sorry, I would have to intervene again. That is not correct. In the case of the Institute of Marine Affairs, the Ministry of Education spent part of the allocation between October 01st and December 04th, so the remainder of the allocation is now being transferred to the Ministry of Planning and Development.

Mrs. Persad-Bissessar SC: If I were to understand you, does it mean that in the six months all these things here that are being transferred by the Bill that would come on Friday and by this Committee approved, are you saying that every one of those cases that the entire amount was not transferred by this? It cannot be transferred. It cannot be allocated unless the Parliament approves. Whether it was in September or whether it was in December, once it was appropriated under a Ministry by Parliament, it remains there until Parliament removes it. It does not mean that you cannot spend it, but the amount remains in that Ministry until Parliament removes it. That is what the Parliament is for.

Mr. Imbert: Madam Chairman, that is not correct. If a portfolio responsibility was transferred before the beginning of the fiscal year, the entire appropriation will be transferred. If it was transferred after the beginning of the fiscal year, the balance or remainder would be transferred. That is very simple to understand.

Madam Chairman: Minister of Finance, could you just for the record say what was the date of the fiscal year?

Mr. Imbert: The fiscal year began on October 01st. With respect to the appropriation that is causing so much trouble, page 4, bottom of the page: the Gazette to transfer the Institute of Marine Affairs to Planning was published on December 04, 2015. That is two months and three days after the beginning of the fiscal year and, therefore, money was spent during that two months and three days in the Ministry of Education and, therefore, the remaining appropriation is now coming to the Ministry of Planning and Development. It is as simple as that. Cannot make it more simple.

Mrs. Persad-Bissessar SC: Thank you very much. Through you again, Madam –

Mr. Imbert: You could repeat yourself 100 times you know.

Mrs. Persad-Bissessar SC: Should that be the case then it means that all these appropriations that are going into the Office of the Prime Minister, because that was only created by that same notice by that Gazette in December, then it should be less money, not the same money. If you look at it, it is the same moneys allocated budget October 2016. It is not less. So, if I were to take your word that it would be less because it went in December then that is not the case. Madam, I rest my case. I rest my case.

Question put and agreed to.

Head 30 varied by an increase in the sum of \$374,000,000.

Madam Chairman: I thank the hon. Minister and the Permanent Secretary.

Head 62: Ministry of Community Development, Culture and the Arts \$7,500,000.

Question proposed: That Head 62 be varied by an increase in the sum of \$7,500,000.

Madam Chairman: At this stage, I would invite any debate on this item.

Question put and agreed to.

Head 62 varied by an increase in the sum of \$7,500,000.

Head 67: Ministry of Planning and Development \$39,233,000.

Question proposed: That Head 67 be varied by an increase in the sum of \$39,233,000. Madam Chairman: At this stage, I would invite debate on this question.

Question put and agreed to.

Head 67 varied by an increase in the sum of \$39,233,000.

Madam Chairman: Hon. Members, the question is that the 2016 Appropriation be varied by a total increase in the sum of \$559,434,129.

Question agreed to.

The 2016 Appropriation varied by a total increase in the sum of \$559,434,129.

Madam Chairman: I thank the hon. Minister and the Permanent Secretary.

Hon. Members, please note that the debate for the adoption of the Committee's Report will take place on Friday, April 08, 2016 at 1.30 p.m. The meeting of the Standing Finance Committee is now adjourned.
