1.	<p><u>Inadequate Office Accommodation and Storage Facilities</u></p> <ul style="list-style-type: none"> The MPA should seek to locate temporary accommodation to address the ongoing staff and storage concerns and submit a status update to Parliament by August 15, 2022; and 	11	<p>The Ministry of Public Administration still requires adequate storage space despite the realignment in July 2021 that resulted in the creation of a new Ministry of Digital Transformation. However, the Ministry of Public Administration is not alone in its need for adequate storage space and is currently engaged in a project to assess GoRTT’s storage needs with a view to devising a whole of Government solution, especially in the context of the digitization thrust. It is liaising with relevant stakeholders including the Government Archivist. Once the scoping is completed by April 2023, the Ministry of Public Administration proposes to offer a comprehensive solution to GoRTT’s storage needs.</p> <p>The Ministry’s records and unserviceable items are to be dealt with as part of the project. This requires acquisition of human resources and Personal Protective Equipment (PPE) to undertake related work. This project will continue in Fiscal 2023.</p> <p>The PRESD on behalf of the MPA is in the process of identifying suitable office accommodation for all of MPA as opposed to the current occupation of three office locations and the GTC.</p>

Accordingly, Realignment Notes to Cabinet were done for each Ministry. A Review of the Ministry of Public Administration is scheduled to be done by the PMCD, however, this exercise will only begin after a new Strategic Plan for the Ministry has been completed. The Strategic Planning exercise commenced in June and is expected to be completed in November 2022.</p> <p>To date, there has been no significant staff adjustment. The Ministry is still assessing its resource needs as a result of its new mandate.</p>

Laborers were secured from the Ministry of Labour, on a short-term basis, to strengthen both the Asset Management Unit and the Facilities Management Unit. The hiring of an Asset Management Assistant to assist with the heavy lifting of objects when out on the field visits has tremendously aided the female officers, enabling them to carry out the tagging exercise in quick time once the project got underway.</p>

STATUS OF EMPLOYEES' PENSION AND LEAVE RECORDS OF THE MINISTRY OF PUBLIC ADMINISTRATION INCLUDING ISSUES AND STRATEGIES

A Pension and Leave Record provides the history of an officer's working life in the Public Service and by law are required to be prepared and submitted to the Comptroller of Accounts on an annual basis, to facilitate the computation of the officer's retirement benefits. These records are required to be submitted at least three (3) months before the due date of the officer's sixtieth (60th) birthday, the date of their retirement.

Preparation of Pension and Leave Records are guided by the Exchequer and Audit Act No. 20 of 1959, Financial Regulations 1965, Civil Service Regulations, Chief Personnel Officer Circulars and Comptroller of Accounts Circulars. When preparing a Pension and Leave Record every effort should be made to follow the guidelines of the Exchequer and Audit Act

No. 20 of 1959, Financial Regulations 1965, Civil Service Regulations, Chief Personnel Officer Circulars, and Comptroller of Accounts Circulars. These guidelines would assist in the preparation of Pension and Leave Records, and avoid delays in the computation of retirement benefits due to an officer at the end of the officer working life in the public service.
