

**THE CUSTOMS A.T.A. (ADMISSION TEMPORAIRE/TEMPORARY
ADMISSION) CARNET SYSTEM ACT, 2001**

EXPLANATORY NOTE

(These notes form no part of the Bill but are
intended only to indicate its general purport)

The main object of the Bill is to implement certain provisions of the Customs Convention of the A.T.A. Carnet for the Temporary Admission of Goods (A.T.A. Convention) 1961, along with the Customs Conventions relating to the temporary importation of commercial samples, goods for display or use at exhibitions, fairs, meetings or similar events and professional equipment. Trinidad and Tobago is a signatory of all these Conventions.

The attached Bill, entitled "The Customs A.T.A. (Admission Temporaire/Temporary Admission) Carnet System Act, 2001" would establish the A.T.A. Carnet System in Trinidad and Tobago and would authorise the issue of an A.T.A. Carnet by the Trinidad and Tobago Chamber of Industry and Commerce or such other body as may be designated by the Minister responsible for Finance.

The A.T.A. Carnet is an International Customs Clearance document which permits both personally accompanied and unaccompanied goods required for exhibitions and fairs, commercial samples and professional equipment, including vehicles for broadcasting, mobile traveling laboratories, musical and sporting equipment, to be temporarily imported without payment of customs duty or the deposit of a sum equal to the duty or the posting of a bond by the importer. It also enables a firm or an organisation temporarily exporting goods to procure a document acceptable to the Customs Authorities of all the participating countries.

The A.T. A. Carnet eliminates the preparation of customs entries, deposits or the processing of bonds, and facilitates the rapid and convenient movement of temporarily imported goods from one country to another.

Carnets are issued by Chambers of Commerce of countries which have acceded to the A.T.A. Convention and which are members of the International Bureau of Chambers of Commerce. Members guarantee that in the case of non re-exportation of the goods covered by the Carnet, they will pay the sum due for import duties and taxes.

Clause 2 would provide the Short title to the Bill while clause 3 would establish the A.T.A. Carnet System while clause 4 would enable the Chamber of Commerce to issue the Carnet in a specified form.

Clause 5 would empower the Chamber of Commerce to charge a fee for the issue of a Carnet while clause 6 would enable the Comptroller of Customs to accept the Carnet in respect of specified goods.

Clause 7 would prohibit goods imported for processing or repair from being covered by the Carnet System.

Clause 8 would provide for the Chamber to lodge with the Comptroller of Customs and Excise in each year, a banker's guarantee in the amount of security fixed by the Comptroller to cover the value of duties and taxes which may become due in the event of the non re-exportation of goods covered by the A.T.A Carnet.

Clause 9 would empower the Comptroller of Customs to fix the quantum of the Bailers guarantee to be posted by the Chamber of Commerce while clauses 10 and 11 would stipulate the conditions under which the goods would be imported.

Clause 12 provides for the Comptroller to accept a replacement document where an A.T.A. Carnet has been destroyed, lost or stolen while the goods, which it covers, are in Trinidad and Tobago.

Provision would also be made in clause 13, in the case of a customs seizure of goods imported under an A.T.A. Carnet, for suspension of the requirement of re-exportation for the duration of the seizure and for the Comptroller to notify the issuing association, and to advise it of the measures he intends to take.

Clause 14 would empower the President by Notice to declare that any goods specified in the Notice should not be subject to the Carnet System.

Clause 15 would ensure that prohibited goods are not imported under the Carnet System.

Clause 16 would make it an offence pursuant to sections 213 and 214 of the Customs Act punishable by a fine of twenty-five thousand dollars, or treble the value of the goods, whichever is the greater amount and imprisonment for six months for any person who after the issue of an A.T. A. Carnet inserts an additional item to the list of goods or makes any other alteration without lawful authority.

Clause 17 would provide that certain legislation would not apply to goods imported under the Carnet System.

Clause 18 would empower the President to make Regulations while clause 19 would enable the Minister to amend the Schedules.

Clause 20 would provide that the President may bring the Act into operation by Proclamation published in the *Gazette*.
