Recommendations: The MOF should provide the following to Parliament by May 31, 2023:

- *A status outlining the benefits of using the tools aimed at providing a consistent approach for monitoring, measuring and reporting on the implementation of Vision 2030; and*
- *A status on the consultations taken by the MOF to review the NPF and the actions to be taken post consultations.*

Response:

The Ministry of Finance has noted the recommendations put forward by the Public Administration and Appropriations Committee on the Examination of The Implementation of the 2021 Budget with emphasis on the “Green Economy”. However, the Ministry of Planning and Development (MPD) is the creator and custodian of the National Performance Framework, all related documents and all efforts associated with its improvement. Additionally, the MPD is the authority on monitoring, measuring and reporting on the implementation of Vision 2030.
